

Central Jersey Genealogical Club

MONTHLY MEETING

DATE: April 11, 2017

TIME: 7:00 PM

SPEAKER: David Kendall

TOPIC: When Descendants become
Ancestors

As we research our own ancestors and mourn the lack of information available to us, we forget that we are the future ancestors of our descendants. And if we don't leave to them the kinds of information about our lives that we crave to know about our own forefathers, then we are merely perpetuating the problem.

Dr. Kendall is the author of the recently published **When Descendants Become Ancestors: The Flip Side of Genealogy**. Raised in a small tourist village in northern New York, where he has returned in retirement, Dr. Kendall spent thirty years educating professional counselors. His life experiences amid studies in history, genealogy, and gerontology, coupled with his belief in the innate wisdom of every individual, have inspired this writing.
